

ACCESSORIES TORCH HOLDERS AND POSITIONING ACCESSORIES

TWIN 2-axis rotating torch holder,
360° on both axis, with angle indication,
clamp for torch Ø 18 to Ø 40 mm and brake
to fix in right position.

MONO 1 axis 360° rotating torch holder, with angle indication, clamp for torch Ø 18 to Ø 40 mm and brake to fix in right position.

MORD8
Ø18 mm clamp,
with thread shaft
M8 for connecting
PT001 to slotted
ASTA's.

CEBTM16 torch holder with support Ø16 for rack & pinion boom 20 x 20 mm CEB20M.

PER18 flange with shaft Ø18 mm and 2 holes Ø5.5, centre distance 41 mm.

CEBTM25V double support
Ø18 and 25 mm.

CEBTM25 torch holder with support Ø25 for rack & pinion boom 30 x 30 mm CEB30M.

PT002 bracket made of synthetic material to be combined with PT001 or PT003.

PT001 bracket with shaft Ø18 made in aluminium and machined for torch Ø 18 to 40 mm.

PT003 bracket made of aluminium to be combined with PT002AL.

PT003AL bracket made of aluminium to be combined with PT002AL.

PT002AL bracket made of aluminium to be combined with PT001AL or PT003AL.

PT001AL bracket made of synthetic material to be combined with PT001 or PT003.

TUBO Ø25 X 400 mm
Pipe made of aluminium.

MORS.D.25 clamp Ø25 mm
for connecting ASTA's to TUBO

PT60 holder for torches Ø 30 to 60 mm, two fixing holes Ø6.5 mm spot - faced, centre distance 48 mm.

CEBTCN hinged torch holder
for quick locking of automatic torches Ø35 to 42 mm

S8006.009 one-axis swivel
0° to 180°, with end flanges, payload 10 kg, ideal for MM MINI slides.

B150001+2 two-axis swivel
with clamp for pipe Ø 60 mm and flange for fixing to slides MM MINI, payload 10 kg.

Asta, aluminium plate, with slot 8.5 mm, available in 3 lengths:
ASTA 115 mm
ASTA 200 mm
ASTA 300 mm
